PROFESSIONAL SUMMARY

Web Developer student focused on building responsive, interactive, and modern web experiences. Strong foundation in JavaScript and React with hands-on experience in WordPress, PHP, and UI/UX design. Seeking an internship to apply technical skills to real-world projects.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React, GSAP

Backend/CMS: PHP, WordPress, JSON

Design Tools: Figma, Adobe Photoshop, Adobe Illustrator, Canva

Concepts: Responsive Design, Accessibility, UI/UX Principles

ACADEMIC PROJECTS

Interactive Web Game (JavaScript)

- Developed a browser-based game using JavaScript with real-time user interaction.
- Implemented animations and game logic using DOM manipulation.

Dynamic Movie Database (PHP & JSON)

- Built a PHP-based dynamic movie platform with structured data handling.
- Implemented search and filtering using JavaScript and JSON for optimized rendering.

E-Commerce Website

- Designed and developed a responsive e-commerce interface with interactive product layouts.
- Improved usability and layout consistency across mobile and desktop devices.

Indian Hockey Tribute Website (WordPress)

- Designed and developed a WordPress-based tribute website with customized themes.
- Managed content hierarchy and optimized navigation for better user experience.

EXPERIENCE

Freelance Graphic Designer, Flamos Restaurant

April 2024

- Designed menus, labels, and promotional posters, creating print-ready assets in Illustrator.
- Applied branding and typography standards to meet specific client requirements.
